

MOCRA AGM 16 November 2024

Financial Report for 12 months ending 31 December 2023

Income from 2023 membership subscriptions and racing rating certificates fell over the year compared to 2022 when the easing of COVID restrictions had boosted inflows. Despite the fall in 2023 total income, the combined receipts were higher than the 2021 numbers.

Within expenditure, our main costs remain the publication (and posting) of the Yearbook.

The remaining costs were typically in-line with previous years, with the exception of racing that provided MOCRA branded T shirts to all entrants.

Our Balance Sheet remains healthy with Accumulated Funds of £13,386 which is close to a couple of years' expenditure.
